THE UNIVERSITY OF ALBERTA ARCHIVES
Accession No. 86-123
Item No. 46
Box No. 1

To: All Sections, Units, Groups and Members-at-Large

December 1, 1982

Subject: 1933 - 1983

1. Technocracy Incorporated was formally established on April 8, 1933. That was the date of the signing of the incorporation papers. Nineteen eighty-three will mark its fiftieth year. It was born out of the unique soil, climate and geographical configuration of the North American Continent. Technocracy has maintained its integrity down through the years. Members of the Organization can be justly proud of Technocracy's record.

2. Technocracy has maintained continuous publication of magazines. It has never ceased bringing out pieces of literature that are up-to-date and uncompromising in their analysis and synthesis. We have brought out a leaflet on women that has long been needed. We have brought back the leaflet "So What?" as a Brief, an excellent piece of contact literature. Technocracy's position on the nuclear question is stated clearly in the Brief #71. We have had another printing of the BL&GR. CHQ has acquired the latest video cassette recorder (VCR) which will open an entirely new direction, in tune with the times. This has all been done by donations from the Field. We still have no "angels."

3. The march of events is vindicating Technocracy's position. No other organization or political party can match our record. We have been correct down through the years. Events are not only proving Technocracy's correctness, but will help usher in the type of society Technocracy has been talking about: Incoming robotics, microchips and computers to take the place of human toil.

4. We are asking all Members -- Members of Sections, Units, Groups and Members-at-Large to pay their dues in a lump sum in January if they can. This will lighten the clerical work-load immensly. CHQ will try to get your Membership Cards out as soon after the new year as possible.

1. April 1983 is the 50th anniversary of the incorporation of this organization, as noted in a recent communication from your office.

2. Is any observation of this 'milestone' planned by CHQ or other Units? Press releases? Reviews in the magazines? etc.

3. Do you have any suggestions or instructions regarding local initiatives?
